SUMMER CAMP MEDICAL FORM NOTES

Each year, 80% of the medical forms are returned to the parents incomplete. Please review these notes to avoid this.

- 1) **If you see a blank line on the page, fill it in.** That will cover 99% of the missing info we see,
- 2) **Please do not fold or staple the form. Use a paper clip.** They must be copied, so staples need to be removed.
- 3) **Attach a copy of your medical insurance card (Front and back of the card, copied on 1 sheet of paper).** If you are concerned about privacy, this form will be carried by the scoutmaster or an assistant, and also given to the camp. Once it is replaced the following year, all copies are destroyed.
- 4) **Fill in everything possible BEFORE you go to the doctor.** It makes the form much easier to get signed by the doctor.
- 5) **Highlight the spots where the doctor must sign (see below)**

PART A: (filled out by parent)

- 1) List any restrictions or check None
- 2) A parent needs to sign.
- 3) The scout needs to sign.
